

Corporate Press Release

6 July 2011

Norgine appoints Adam Aspinall as Global Marketing Director

We are pleased to announce that Adam Aspinall has joined Norgine as our Global Marketing Director.

After graduating with a BSc in Biophysical Science in London and a spell as a researcher at the RAF Institute of Aviation Medicine, Adam joined the pharmaceutical industry as a graduate trainee with Abbott Laboratories.

His career in the pharmaceutical industry spans over 22 years, working with some of the world's leading pharma and biotechnology companies, most recently as International Marketing Manager for nephrology at Amgen's international HQ in Zug, Switzerland. He is due to complete his MBA at Durham University later this year.

Ken Scrimgeour, Norgine's Chief Commercial Officer commented: "I am confident that Adam will make a huge contribution to Norgine"

Adam commented that "Norgine, as a leading European specialty pharma company is currently in a fascinating phase of growth, and I look forward to contributing to this transition"

About Norgine

Norgine is an independent, successful European speciality pharmaceutical company that has been established for over 100 years and has a presence in all major European markets. In 2010, Norgine's net product sales were €258 million. The Company employs over 1,200 people.

Norgine's focus is the development and marketing of pharmaceutical products that address significant unmet clinical needs in therapeutic areas such as gastroenterology, hepatology and supportive care. The Company currently markets a range of products in various markets in its key therapeutic areas e.g., MOVICOL[®] for the treatment of constipation and faecal impaction, MOVIPREP[®] a bowel cleansing preparation, KLEAN-PREP[®] for bowel preparation prior to colonoscopy, XIFAXAN[®] for the treatment of travellers diarrhoea and ORAMORPH[®] for the treatment of moderate to severe pain associated with cancer.

Norgine is active in research and development and currently has products in various stages of clinical development. Norgine manufactures most of its own products in Hengoed, UK and Dreux, France.
